

THE ARTIFICIAL INTELLIGENCE (AI) SERIES

Association of Arbitrators (Southern Africa) NPC

Webinar, 9 October 2025

presented by

DEMYSTIFYING AI:

PRACTICAL TOOLS, PROMPTS, AND BEST PRACTICES FOR PROFESSIONALS

Join the Association of Arbitrators (Southern Africa) NPC for the fourth webinar, presented by [Mint Group](#), in a series as part of the Association's ongoing mission to provide regular upskilling opportunities for everyone interested in Alternative Dispute Resolution (ADR).

ABOUT THIS WEBINAR:

Artificial Intelligence (AI) is transforming the way professionals work - from law and engineering to construction and consulting. Yet, many still wonder: *What's hype and what's practical?* In this webinar, we'll cut through the noise and give you a clear, practical introduction to Generative AI (GenAI) and Large Language Models (LLMs). You'll learn how they work, the difference between free vs. enterprise-grade platforms, how to craft prompts that deliver accurate results, and how to avoid common pitfalls like "hallucinations". Through real-world examples relevant to arbitration, engineering, and consulting, we'll show you how to start using AI today in a safe, professional, and impactful way.

ABOUT OUR PRESENTER:

[Mr Carel du Toit](#), CEO, Mint Group:

Carel is known for visionary leadership and an entrepreneurial spirit. Over two decades, he has grown Mint from a South African business into a global powerhouse EMEA. His strategic foresight led to the creation of visionAI, a pioneering computer vision SaaS company setting new industry benchmarks. With expertise in business consulting, IT strategy, and architecture, Carel has positioned Mint as a leading Microsoft Partner and a top 1% global Dynamics 365 provider. His leadership emphasises digital transformation, innovation, and a people-first culture. He completed prestigious programs at Harvard Business School, including the Owner/President Management Program and the Leading Professional Service Firms Organisational Leadership Program. His focus on continuous improvement and ambitious goals has enabled Mint to achieve major milestones and win numerous awards. Under his guidance, Mint excels not only in delivering IT solutions but also in fostering excellence and community engagement. His commitment to both technology and people defines him as a standout leader in the IT industry.
